

It is the binding that counts

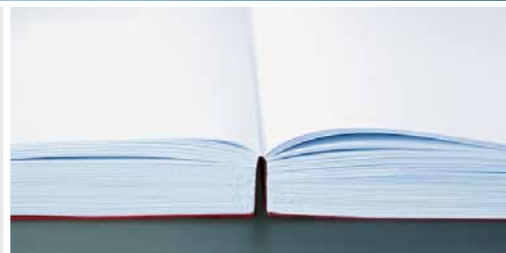

The powerful perfect binding device for individual documents and small print runs makes professional bookbinding accessible to everyone – fast, easy and precise

Exact edges
The quality distinction for your documents

Excellent lay-flat ability
For highest reading comfort

Stability and durability
No more loose pages!

Quality binding and a perfect appearance for your balance sheets, reports, presentations ...

Turn your copies and prints into representative, high-quality documents with a neat and secure binding.

This is all you need: the perfect binding device Copy Binder 5, the Planax Strips and the cooling tray. With its outstanding processing qualities, easy handling and economical consumer material, the Copy Binder 5 is the ideal device for accountants,

solicitors, corporate, copy shops, manufacturing, printers, and any company or organization that values the presentation of their documentation.

Your benefits

- Compact design and easy handling
- Perfect binding for 5 to 330 sheets
- Fast, precise and neat processing
- Exact edges for a professional image
- Lay-flat ability for easy reading
- High binding durability and stability
- Excellent stacking ability for trouble-free storage
- Compact form for easy enveloping and mailing

Consumer material

We have a wide range of binding accessories for the individual design of your bound products:

Planax Strips

Planax Strips are high-quality 100% linen thermal strips. They are available in DIN A4, DIN A5 and in 11“, 7 colours and 6 widths.

Planax Extras

- Planax foil cover sheets
- Planax cover board (Chromolux white)
- Planax cover board in linen or leather texture, in different colours
- Planax cover board with cut-out window
- Planax cover board printed or embossed with your company logo and details

Planax Strip Shelf

The Planax Strip Shelf offers space for your Planax Strips dispenser boxes and filing shelves for cover boards – for a tidy workplace.

The technical data of the Copy Binder 5 can be found on our website. Modifications in construction and design are reserved.

Our reseller will provide qualified assistance and technical service.
