Overview

The vinyl cutters from the Secabo CIV range are a logical advancement of the well-known CIII series vinyl cutters from Secabo. The improved cutting quality, as well as higher reliability and precision, enable the application of the Secabo vinyl cutter in nearly all professional areas of advertising technology and signmaking. With an cutting width of up to 126cm, the C120IV vinyl cutter can master extensive orders and high numbers of pieces. All current materials can be processed with the new Secabo C120IV vinyl cutter, such as adhesive vinyl, self-adhesive foil, flock films, flex films, stencil foil, paper, cardboard, etc., in widths of up to 135cm. The large illuminated display, as well as the large buttons, enable easy operation of the Secabo C120IV vinyl cutter, and with the improved LAPOS2 technology, printed media can be precisely contour-cut. The C120IV vinyl cutter is controlled comfortably with the provided DrawCut LITE software. Also included with the vinyl cutter is a stable stand with a roll holder.

features

Easy menu navigation

comfortable control panel with illuminated LCD-display and large buttons

Plug and play

simple installation, no additional drivers necessary

USB interface

The vinyl cutter uses a USB connection and is very easy to install.
